RE: Catholic Order of Foresters

NAIC # 57487

SERFF Tracking # UHAS-131210905

Policy Forms: FCNH, FCLTC and FCLTC 2000

Number of Policyholders Affected: 10 (7 issued on or after 9/16/2002, 3 issued prior)

Requested 16.67% Rate Increase

Dear Commissioner Altman:

This referenced rate increase is being submitted on behalf of Catholic Order of Foresters for your review. This filing is also intended to satisfy the requirement to present actual and projected experience for year one of the required three years following implementation of the latest rate increase.

Proposed Rate Increase

This form is an existing individual policy form providing comprehensive long-term care coverage. This policy form was issued from 1998 through 2004 and is no longer being marketed in any jurisdiction. Please find attached actuarial documents to support and request a 16.67% rate increase on the referenced policy form and attendant riders. The rate increase is needed to offset higher-than-expected lifetime loss ratios caused by higher-than-expected persistency. The company requested a 40% level rate increase in a prior rate filing (SERFF Filing # UHAS-130647687) and received approval for a 20% increase on 11/9/2016. This filing is a follow-up to request the remaining 16.67% of the originally requested 40% rate increase. All assumptions in this filing are consistent with the prior rate filing.

The rate increase is proposed to be effective as soon as possible subject to regulatory approval and fulfillment of all statutory and contractual obligations. The rate increase will apply to inforce policies only, as these policy forms are no longer being marketed.

As a fraternal organization, Catholic Order of Foresters is very concerned for their policyholders, and as a result they will be offering benefit reductions along with the premium rate increase notifications letters. The benefit reduction offers will reduce or completely offset the effect of the approved premium rate increase. In addition, subsequent to the prior rate filing, Catholic Order of Foresters provided a contingent nonforfeiture benefit to policyholders even though these policies were issued prior to this being a required benefit. Catholic Order of Foresters has an existing Contingent Benefit Upon Lapse Endorsement (form FCCBL 2002) that was approved for use with the company's form FCLTC 2002, and this endorsement was added to all policies impacted by the prior referenced premium rate increase except for those that purchased the nonforfeiture benefit that was offered at the time of issue.

Rate Stability Experience Filing

The projection presented in the actuarial memorandum represents year one of the required three years of reporting following implementation of the latest rate increase. The filing approved on 11/9/2016 was based on data through 2015. The attached Rate Stability Exhibit shows the projected values for 2016 from the latest approved rate increase filing using nationwide data and compares them to the actual results through 12/31/2016. Note that the actual approved rate increase had a delay in implementation from the originally projected effective date, and is also lower than the originally filed increase. With relatively few policies nationwide, fluctuations in experience are likely.

In my opinion, this continues to demonstrate the rate increase was justified. The justification for the rate increase was based on high persistency. The actual lapse rate deviates from the original pricing assumptions and exceed the moderately adverse conditions for lapses, as well as the moderately adverse condition for mortality (more than a 10% decrease in each).

I hereby certify that I am a Fellow of the Society of Actuaries and a Member of the American Academy of Actuaries, and I meet the Qualification Standards of the American Academy of Actuaries for making this statement of actuarial opinion.

If you have any comments or questions, please contact me by telephone (605-271-4714) or email (cheitkamp@uhasinc.com).

Sincerely, Nork J. Heitkam

Clark A. Heitkamp, FSA, MAAA, LTCP Senior Consulting Actuary

Catholic Order of Foresters

Actuarial Memorandum

Rate Increase for Individual Long Term Care Policy Forms FCNH, FCLTC, and FCLTC 2000

1. Scope and Purpose of Filing

The purpose of this rate filing is to request a revision on the above-referenced policy forms and any associated riders (please see Exhibit A for a list of riders) and to demonstrate that, after the requested rate increase, applicable loss ratio requirements are met. It is not intended to be used for any other purpose.

The filing applies to existing policyholders only, as this is a closed block of business. The rate increase is needed in order to offset the higher-than-expected lifetime loss ratios caused by higher-than-expected policyholder persistency.

2. Requested Rate Action

The company is requesting a level rate increase of 16.67% on all forms and riders. The company requested a 40% level rate increase in a prior rate filing (SERFF Filing # UHAS-130647687) and received approval for a 20% increase on 11/9/2016. This filing is a follow-up to request the remaining 16.67% of the originally requested 40% rate increase. All assumptions in this filing are consistent with the prior rate filing.

3. Status

The policy forms affected represent a closed block of business. The company is no longer selling long-term care insurance, so there are no new business rates with which to compare the revised rates.

4. Description of Benefits

All plans are intended to be tax-qualified, and benefits become payable when the insured either requires substantial assistance with at least 2 of 6 ADLs (bathing, dressing, continence, eating, toileting and transferring) for 90 days or requires substantial supervision due to severe cognitive impairment.

FCNH

The base plan is administered on a "pool of money" basis, where the pool of money is calculated as the nursing home daily maximum times the benefit period in days. The insured is provided with the services of a quality care coordinator, who evaluates the insured's functional abilities, prepares a Plan of Care, and coordinates the care to be received. An insured who qualifies for benefits is eligible to receive any nursing home or assisted living facility services that are included in the Plan of Care developed by the quality care coordinator. A 21-day per year nursing home bed reservation benefit could be included in the Plan of Care, or hospice care could be provided. Premiums are waived after the policyholder has been receiving covered care for 90 days and as long as the person continues to receive covered benefits. This policy also includes a rate stabilization benefit.

Optional rider FCIPR increases the daily maximum and the maximum policy benefit by 5%, compounded annually, on each policy anniversary.

Optional rider FCNFBR provides, after 3 years inforce, the cumulative premiums paid to be available upon lapse to continue coverage for a shortened benefit period (SBP). The SBP (in days) is calculated as the cumulative premiums paid divided by the nursing home daily maximum, subject to a minimum of 30 days

FCLTC

The base plan covers nursing home, assisted living, and hospice care up to the daily benefit and home health care and adult day care up to half of the daily benefit. It is administered on a "pool of money" basis, where the pool of money is calculated as the nursing home daily maximum times the benefit period in days. The insured is provided with the services of a quality care coordinator, who evaluates the insured's functional abilities, prepares a Plan of Care, and coordinates the care to be received. An insured who qualifies for benefits is eligible to receive all long term care services that are included in the Plan of Care developed by the quality care coordinator. This could include nursing home care, assisted living facility care, home health care or adult day care. A 21-day per year nursing home bed reservation benefit could be included in the Plan of Care, or hospice care could be provided. Respite care could be provided, up to 21 days per year. Other alternate services could be included, if agreed to by all parties. There is also a "caregiver training benefit" to pay for the costs of an informal caregiver in receiving training, thus making formal long term care services unnecessary. This benefit is subject to a \$500 lifetime maximum. Premiums are waived after the policyholder has been receiving covered care for 90 days and as long as the person continues to receive covered benefits.

Optional rider FCHHIR doubles the maximum daily benefit payable for home health care and adult day care.

Optional rider FCIPR increases the daily maximum and the maximum policy benefit by 5%, compounded annually, on each policy anniversary.

Optional rider FCNFBR provides, after 3 years inforce, the cumulative premiums paid to be available upon lapse to continue coverage for a shortened benefit period (SBP). The SBP (in days) is calculated as the cumulative premiums paid divided by the nursing home daily maximum, subject to a minimum of 30 days

FCLTC 2000

The base plan covers long-term facility care, assisted living facility care, and care in a hospital long term care unit up to the daily benefit amount and home health care and adult day care up to half of the daily benefit. There is an alternative care benefit that covers expenses incurred as agreed upon by the insured and the Order, a caregiver training benefit that covers expenses incurred up to \$500 over the life of the policy, and a respite care benefit equal to the expenses incurred up to 21 times the daily benefit amount per calendar year. Premiums are waived after the policyholder has been receiving covered care for 90 days and as long as the person continues to receive covered benefits.

Optional rider FCHHIR 2000 doubles the maximum daily benefit payable for home health care and adult day care.

Optional rider FCCIP 2000 increases the daily benefit amount and unused policy maximum by 5%, compounded annually, on each policy anniversary.

Optional rider FCSIP 2000 increases the daily benefit amount and unused policy maximum by 5% of the original amount on each policy anniversary.

Optional rider FCGPIP 2000 gives the insured the option to purchase additional coverage in order to increase the daily benefit and policy maximum amounts by an amount based on the CPI for medical expenses every 2 years (as long as the insured is not receiving benefits and has not declined two consecutive offers).

Optional rider FCNFBR 2000 provides continued coverage with a shortened benefit period and no further inflation increases for policies that lapse after 3 years.

Optional rider FCROP 2000 returns a percentage of the total premiums paid, less any benefits paid, with the percentage based upon the number of years the policy has been in force.

Optional rider FCROB 2000 restores the policy maximum to the Initial Policy Maximum if the policyholder has not received Qualified Long-Term Care services for at least 180 consecutive days; is not eligible for benefits, and is not receiving benefits. The policy maximum may be restored an unlimited number of times.

Optional rider FCSSB 2000 allows spouses who are both covered under FCLTC 2000 policies with the same benefits to combine their maximum lifetime benefits so that the first spouse to exhaust benefits under one policy may then start using benefits under the second spouse's policy

Optional rider FCSWP 2000 provides for the policyholder's spouse (who is also covered under an FCLTC 2000 policy) to have their premium waived while the policyholder is confined to a Long-Term Care Facility or Assisted Living Facility, beginning after at least 90 days of confinement

Optional rider FCSSP 2000 provides for the insured's policy to become paid-up upon the death of their spouse (who was also covered under an FCLTC 2000 policy), provided both policies were in force for at least 10 years.

5. Renewability Clause

The policy forms are guaranteed renewable for the life of the policyholder.

6. Applicability

The premium increase contained in this memorandum will be applicable to all insureds of the policy forms and riders described in Section 4 and, since this is a closed block, the rate increase will apply only to existing policyholders.

7. Morbidity

The morbidity assumptions used in the actuarial analysis and the attached projection exhibits are based on a review of the historical claim experience combined with industry data, and the experience of the entire company's long-term care block was combined for credibility purposes. This morbidity study shows results consistent with the original pricing assumptions, and therefore original morbidity assumptions are used for projected claims. The projected claims were produced by a first principles model, using industry-based incidence, continuance, and salvage assumptions with adjustments made to replicate the original morbidity assumptions. These original morbidity assumptions continue to reflect the company's current best estimate of future morbidity and are consistent with the gross premium valuation testing.

8. Mortality

Future projections are based on the assumed mortality per the Annuity 2000 table, adjusted by 90% for active lives and 200% for disabled lives.

9. Persistency

The assumed persistency is the sum of the following:

- Non-death (voluntary lapse and benefit exhaustion) termination; and,
- Death rates, as described in Section 8.

A total termination study was completed by comparing the difference between the actual total termination rates observed on the policy forms and the assumed mortality described in the previous section. The resulting difference was then attributed to the voluntary lapses and, based on this analysis, future projections are based on an assumed voluntary lapse rate of 0.5% for all future years. Please see section 23 for the results of this experience study. The result of this assumption development process is that the assumed total terminations reflect the actual experienced total termination rates. No additional shock lapses or anti-selection factors were assumed as a result of the proposed rate increase.

10. Expenses

This filing does not include projected expenses, nor is any part of the requested rate increase intended to cover greater-than-expected expenses.

11. Marketing Method

The referenced policy forms were marketed to individuals by licensed agents.

12. Underwriting

All policies subject to the requested rate increase were subject to full medical underwriting in accordance with company standards in place at the time of issue. Since Catholic Order of Foresters has not sold long-term care since 2005, all inforce policies are now past the initial select period, so no further underwriting wear-off is reflected in the projections.

13. Premium Classes

Premiums vary by benefit period, elimination period, optional rider selection, state of issue, premium mode, risk class, and the issue age of the policyholder. Discounts were available for

certain members of the clergy, members of associations that negotiated a discount with the company, and individuals whose spouse also purchased a policy.

14. Issue Age Range

Policy forms FCLTC and FCLTC 2000 were available to individuals at ages 45-84, while policy form FCNH was available to individuals at ages 18-84. Premiums are based on the policyholder's age at issue.

15. Area Factors

Premiums do not vary within a state by geographic region.

16. Average Annual Premium

Please see Exhibit B for statewide and nationwide average annualized premium as of 12/31/2016.

17. Premium Modalization Rules

The filed premiums are multiplied by the modal factors shown below in order to create modal billed premiums.

Billing Mode	<u>Factor</u>
Annual	1.0000
Semi-Annual	0.5200
Quarterly	0.2650
Monthly PAC on FCLTC 2000	0.0865
Monthly PAC on all other forms	0.0875

18. Trend Assumptions – Medical and Insurance

Benefits are capped by the daily benefit limit, and daily benefit limits are generally below the daily charge amounts. Consequently, we have assumed no medical trend in the attached projections.

19. Minimum Required Loss Ratio for the Forms

Where applicable, the minimum loss ratio for the referenced policy forms is 60%.

20. Anticipated Loss Ratio

The anticipated loss ratio after the proposed premium rate increase shown in Section 24 meets the applicable requirement.

21. Distribution of Business

Please see Exhibit C for the distribution of in force business by premium class.

22. Contingency and Risk Margins

The revised premium rates do not contain an explicit margin for contingency.

23. Experience on the Forms (Past and Future Anticipated)

Please see Exhibit D for the historical and projected future experience.

For credibility purposes, the historical nationwide experience was combined. Incurred claims reflect claims incurred and the claim reserve as of 12/31/2016, with both payments and reserves discounted back to the year of incurral using the valuation interest rate. No additional reserves were incorporated in this rate increase as a result of the contingent benefit upon lapse which is being offered to all policyholders. Although this benefit will be available, a review of administration and claims processing would not be meaningful, as the rate increase is necessitated by higher-than-expected persistency, rather than morbidity. Please note that collected premiums were used as estimates for the historical earned premiums.

An interest rate of 6.61% was used to accumulate the historical experience and discount the future experience to 12/31/2016. This is based on the original pricing interest rates.

The following table shows the results of the total termination study for policy durations five and later. As described in Section 9, a total termination study was completed by comparing the difference between the actual total termination rates observed on the policy forms through 12/31/2015 and the assumed mortality. The resulting difference was then attributed to the voluntary lapses, which was 0.18%. Because of the low level of total terminations, a slightly higher lapse rate of 0.50% was assumed than the actual lapse rate, and the 0.50% lapse rate is used for this premium rate increase filing and the projections accompanying this filing.

12/31/2015 Lapse Experience Analysis for Policy Durations 5+									
Original Lapse	Actual Lapse	Actual-to-	Revised Lapse	Actual-to-					
Assumption	Actual Lapse	Original Lapse	Assumption	Revised Lapse					
1% - 4%	0.18%	5% - 18%	0.50%	36%					

This deviation from the original pricing assumptions exceeds the moderately adverse condition for lapses, as well as the moderately adverse condition for mortality (more than a 10% decrease in each).

24. Lifetime Loss Ratio

Exhibit D details the historical and projected future experience. The following summarizes the lifetime loss ratio calculation detailed in the exhibit:

Assuming 16.67% Rate Increase

	Present Valu	ues at 6.61%	
	Earned	Incurred	Loss
	Premium	Claims	Ratio
Historical	27,033,009	8,084,477	29.9%
Projected	8,627,216	23,840,167	276.3%
Total	35,660,226	31,924,644	89.5%

Assuming NO Rate Increase

	Present Valu	ues at 6.61%	
	Earned	Incurred	Loss
	Premium	Claims	Ratio
Historical	27,033,009	8,084,477	29.9%
Projected	7,592,544	23,654,355	311.5%
Total	34,625,554	31,738,833	91.7%

Exhibit D also shows that experience with the proposed rate increase meets the 58/85 test using present values at the valuation interest rate (4.5%):

Assuming 16.67% Rate Increase

	Present Values at 4.5%					
	Earned	Incurred	Loss			
	Premium	Claims	_Ratio_			
Historical	22,430,655	7,457,921	33.2%			
Projected	9,921,120	31,265,963	315.1%			
Total	32,351,775	38,723,884	119.7%			

Assuming NO Rate Increase

	Present Val	ues at 4.5%_	
	Earned	Incurred	Loss
	Premium	Claims	_Ratio_
Historical	22,430,655	7,457,921	33.2%
Projected	8,705,068	31,011,093	356.2%
Total	31,135,723	38,469,015	123.6%

58/85 Test

60/85 Test

60% x 29,765,104 = 17,859,062 32,351,775 - 29,765,104 = 2,586,671 85% x 2,586,671 = 2,198,671 17,859,062 + 2,198,671 = 20,057,733 38,723,884 > 20,057,733

25. History of Rate Adjustments

<u>Approval Date</u> <u>Rate Increase</u>

1/18/2000 Complete repricing of FCLTC

11/9/2016 20%

26. Number of Policyholders

Please see Exhibit B for the statewide and nationwide policy counts as of 12/31/2016.

27. Proposed Effective Date

Following department approval, the requested rate increase will be implemented as soon as possible after the required notice period. The projections assume an implementation date of 2/1/2018

28. Data Reliance and Data Quality

All referenced analyses and projections were performed by me or under my direction. In performing the analysis, preparing this filing, and rendering the actuarial opinion below, I relied on data provided to me by Catholic Order of Foresters. I reviewed the data for reasonableness and consistency, but I did not perform a detailed audit of the data. Based on my review of the data, the data are appropriate for the purpose used, and to the best of my knowledge the data contain no material data quality issues.

29. Actuarial Certification

I hereby certify that I am a Fellow of the Society of Actuaries and a Member of the American Academy of Actuaries, and I meet the Qualification Standards of the American Academy of Actuaries for making the following statement of actuarial opinion.

To the best of my knowledge and judgment, the following are true with respect to this filing:

- The rate filing is in compliance with the applicable laws and regulations of the State of Pennsylvania, including 89a.118.
- It complies with all applicable Actuarial Standards of Practice, including Actuarial Standards of Practice No. 8 "Regulatory Filings for Health Benefits, Accident and Health Insurance, and Entities Providing Health Benefits," No. 18 "Long-Term Care Insurance," and No. 23 "Data Quality."
- The assumptions made represent my best judgment as to the expected value for each assumption and are consistent with the company's business plan at the time of filing.
- The anticipated lifetime loss ratio exceeds the applicable required loss ratio.
- Since, on a nationwide basis, the percentage of this block to which rate stability applies is small and the company does not want to file a large increase, I cannot certify the proposed rates to be reasonable in relationship to the benefits or sustainable over the life of the form with no future premium increases or that they would be sufficient to cover anticipated costs under the following moderately adverse conditions:
 - o Gender up to 66% females (currently at 54%)
 - o Mortality a 10% decrease
 - Morbidity a 5% increase
 - Voluntary Lapses a 10% decrease

Projected Experience
It is not feasible to provide a Pennsylvania-specific projection due to the lack of credible experience.

As of 12/31/2016, the active life reserve held was \$405,458

Please note that no claims have been incurred to-date in Pennsylvania, so Pennsylvania-specific morbidity experience is non-credible.

^{*}Historical premium shown is collected premium.

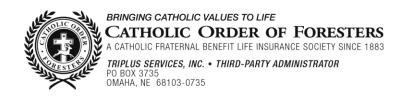

AUTHORIZATION FOR FILING

The Catholic Order of Foresters hereby authorizes United Health Actuarial Services, Inc. (UHAS, Inc.), to submit for approval, on behalf of Catholic Order of Foresters and under applicable insurance statutes, regulations, and rules, the Long Term Care rate and loss ratio filing described in the cover letter.

Name Street Address City, State, Zip

Policy No: #######
Insured: Name

Dear Name:

We value your business and want to thank you for choosing Catholic Order of Foresters to provide your long term care coverage. We are committed to ensuring that your long term care insurance benefits are there when you need them.

The purpose of this letter is to notify you that we have determined that it is necessary to increase premiums for your coverage. This is not a premium notice; if you are on a direct, paper bill mode you will receive a notice of premium due approximately 30 days before the premium is due. Your future premium rate(s) will be as follows:

* The Annual renewal premium rate of \$####.## will become effective on 06/01/2017. This represents a percentage increase of ##.#%. Please note that this premium rate does not reflect any future rate increases that may occur.

Reasons for the Premium Increase

It is necessary to increase premiums due to greater-than-anticipated claims payments expected over the lifetime of all policies like yours. Premium rates must be adjusted to ensure current and future claims are adequately funded, so that long term care benefits will be available to you when you need them. Please be assured that you have not been singled out, and this premium increase is not a reflection of any previous claims history you may have had.

Options Available To You:

We do understand that this premium increase may make it more difficult to continue your current level of coverage. Please know that we do not take this action lightly and we recognize that raising premiums may have a significant impact on you. As such, below are options that you may consider at this time:

- 1. Continue current level of coverage: Keep your exact coverage without any changes and the new premium will take effect on 06/01/2017. If we do not hear from you, then we will assume that you have accepted the higher premium amount.
- 2. Adjust your coverage: You may consider adjusting the level of coverage in order to make premiums more affordable. We have provided you with the attached Benefit Adjustment Option Return Form, which illustrates some of the policy adjustment offer(s) that are available as an alternative to the current plan, while still maintaining essential coverage. If you would like to investigate additional benefit adjustment options, not mentioned in the attached, please call our dedicated Customer Support Department, toll free at 877-702-7770.

Please discuss potential policy changes with your family or advisors as well as our Customer Support Department to make sure any changes to your policy will best suit your needs.

3. Elect the Contingent Benefit Upon Lapse: If you determine that you would like to

Delivery Method: US Mail FCLTC 2000

discontinue this coverage we will provide a Contingent Benefit Upon Lapse. The Contingent Benefit Upon Lapse is a pool of money that you can use to fund future long-term care expenses. If you elect this option, your policy will be paid-up with a maximum benefit equal to the sum of the premiums you have paid thus far. If you currently have an open claim, or if a new claim is filed, any benefits paid for dates of service after the effective date of the paid-up policy status will be applied to and will not exceed the policy's new maximum benefit amount. To determine the minimum number of days payable under the policy, the sum of all premiums paid is divided by the maximum Daily Benefit at the time of lapse. Benefit Eligibility is determined by the policy terms and all benefits paid by us will not exceed the maximum benefits which would have been payable if the policy had remained in premium paying status.

This Contingent Benefit Upon Lapse acts as a form of reduced paid up coverage and will be available should you choose to lapse the coverage at any point between now and 120 days following the date the new premium rates take effect. If you would like to elect this benefit please complete and return the enclosed Request to Exercise Contingent Benefit Upon Lapse form. If you do not complete this form, and you lapse your policy within 120 days after the effective date of the rate increase, this benefit will be automatically applied.

When you purchased your long-term care coverage, you made a conscious decision to protect yourself and your family from the increasing costs associated with long-term care, which can be significant; therefore we would like to stress the importance of retaining this valuable coverage. Before considering the options above, please carefully evaluate your situation and your reasons for initially purchasing this coverage.

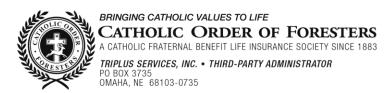

In addition, you may also wish to contact the State Health Insurance Assistance Program (SHIP) located in your state if you need additional counseling on determining your response. Please go to www.shiptalk.org to find the nearest SHIP to you.

This policy is guaranteed renewable. You have the right to renew your policy for life as long as you continue to pay your premium on time. The company has the right to change your premium if it does so for all policies of your class in your state.

We have enclosed additional information about this increase in the attached Frequently Asked Questions document. For any additional questions, please call our Policyholder Services Department at 877-702-7770, election option 3, then 1, at the prompt, and a customer support representative will be happy to assist you.

Sincerely,

TriPlus Services, Inc.

FREQUENTLY ASKED QUESTIONS FOR INSUREDS

Q. Why is my premium increasing?

A: It is necessary to increase premiums due to greater than anticipated claims payments expected over the lifetime of all policies like this one. Many of the pricing assumptions that were common in the industry when your product was originally marketed have not developed as expected. The factors that contribute to the higher anticipated claims payments include morbidity, persistency and mortality. The claims experience trends have emerged higher than originally priced and more policyholders have kept their coverage inforce, resulting in more claims in the later policy durations. This premium increase will help ensure that the Company is able to live up to its obligations to you as a policyholder.

Q. When will my premium increase?

A: Premium for your inforce coverage will increase on the date specified in your letter. If your premium is paid through automatic bank draft, your new premium will be deducted automatically from your account on the stated date. If you pay your premium by check, you will receive a premium notice for the increased amount approximately 30 days before that premium due date.

Q. I thought my premium could never go up. Am I being singled out for this rate increase because of my age or health?

A: No. Your premium rates for long term care insurance will never change based on changes in your age or health. As stated in your policy, we can only change premium rates on a class basis, not an individual basis. This means that the rates have been changed on all policies like yours on a statewide class basis. Even though you may not have used your policy, we need to ensure that we can deliver on the promises of the policy should you need to make a claim in the future.

Q. Will my premium continue to increase?

A: The Company will continue to monitor emerging claims experience to ensure that it is able to deliver on the promises of your policy, primarily to pay any future claims you might incur.

Q. Have other insurance companies raised their long term care rates?

A: Yes. The deviations from expected claim and persistency assumptions that the Company has experienced have also been experienced by other long term care insurance carriers. Numerous other carriers have also implemented rate increases for long term care policies.

Q. What are the options to reduce my coverage?

A: Please refer to the Benefit Adjustment Option Return Form for a description of some of the options available to you. If there are no specific options listed in your letter, or you would like to investigate additional options, please contact our Policyholder Services Department at 877-702-7770, pressing option 3, then 1, at the prompt.

Delivery Method: US Mail FCLTC 2000

Q. To keep my policy without paying the higher premium, how do I change my coverage?

A: To change your coverage we require your request in writing. You may submit the Benefit Adjustment Option Return Form included with your notification letter, or you may contact our Policyholder Services Department at 877-702-7770, election option 3, then 1, at the prompt, to obtain a proposed benefit adjustment form for those options not identified in your letter.

Q. How long do I have to make any coverage changes before the effective date of the increase?

A: You can change your coverage at any time, however in order for us to process any changes before the rate increase effective date you should submit your election to us 15 business days in advance of the effective date of the increase.

Q. I am currently receiving Long Term Care benefits. Do I have to remit the new premium?

A: The premium increase will not impact your current claim benefits. Your policy will continue to provide you with the benefits in accordance with the terms of the coverage you purchased. If your policy contains a provision that waives premium and you are currently receiving that benefit, the new premium will also be waived until such time as you are no longer eligible for waiver of premium, as stated in your policy. You will have to pay the increased premium only after you return to a premium paying status. If your policy does not have a waiver of premium provision or if you do not qualify under this provision, then the premium increase will impact you, even if you are on claim. Please refer to the "Options Available To You" section of the rate increase notification letter.

Q. What safety measures are in place should COF become financially distressed?

A: The premium increases are designed to prevent this from happening. Also, COF, like all other fraternal insurers, may assess its members (in this case, all COF policyholders), a Maintenance of Reserve fee, should the need ever arise.

Q. Whom should I contact if I have additional questions about this rate increase?

A: If you have additional questions, please contact our Policyholder Services Department at 877-702-7770, election option 3, then 1, at the prompt. The office hours are Monday through Friday 7:30 a.m. to 4:45 p.m. Central time.

BENEFIT ADJUSTMENT OPTION RETURN FORM

Date: 3/28/2017

Policyholder: Name

Policy Number: ######

If you would like to implement one of the benefit adjustment options listed in this letter please circle the option you would like to exercise and then sign, date, and return this page using the enclosed envelope. While you are able to adjust your benefits at any time, to ensure that your option is effective before the rate increase effective date, please return your option to us within 45 days from the date of this letter.

If you would like to investigate additional benefit adjustment offers, not mentioned below, please call our dedicated Customer Support Department, toll free at 877-702-7770.

If you do not wish to implement any of these benefit adjustment options you do not need to return anything to us.

- * Reduce your policy maximum Benefit Period from Lifetime to 5 Years and reduce your base Daily Benefit Amount from \$###.##to \$###.##for a new Annual premium of \$###.##. Since you have an active Simple Inflation rider, your new inflated Daily Benefit Amount would be \$###.## as of 06/01/2017 and is subject to further increases per rider terms.
- * Reduce your policy maximum Benefit Period from Lifetime to 5 Years for a new Annual premium of \$###.##
- * Increase your Elimination Period from 20 Days to 90 Days for a new Annual premium of \$###.##
- * Remove your Return of Premium Rider for a new Annual premium of \$####.##

Please be aware when considering these options, that if you choose to reduce the maximum available under your policy, then any prior claims made on your policy will affect the benefits available after the reduction.

By signing and returning this page, Catholic Order of Foresters will change the policy's available benefits, effective 06/01/2017, to the choice you selected above. You will receive an updated benefit rider once this change to the policy has been made. Please note that the above premium rates are for the current rate increase period and do not reflect any additional rate increases that may be scheduled to occur, or may occur in the future, whether mentioned in this letter or not.

REQUEST TO EXERCISE CONTINGENT BENEFIT UPON LAPSE

Date: 3/28/2017

Policyholder: Name

Policy Number: #######

NOTE: This benefit can be elected by either lapsing your coverage by means of not paying your premium, or by completing and returning this form to us. Either way your election for this coverage must be made within 120 days following the effective date of this rate increase. *If you do not want to exercise the Contingent Benefit Upon Lapse, then you do not need to complete this form.*

By completing and returning this form, I am electing to stop paying premiums for my long term care coverage and I am exercising the Contingent Benefit Upon Lapse option available with this rate increase.

By exercising this option, I understand that:

- My new maximum benefit amount under this policy will be equal to the sum of the premiums paid into the policy from the issue date through the current paid to date or the remaining amount of benefits available under the policy; whichever is less; and,
- Once I exercise this option, I will only be able to reinstate my original maximum benefit amount if I submit a premium payment within 65 days from my premium due date; and,
- I must meet the eligibility requirements required under the Policy in order to receive benefit payments.

By signing below I agree to elect the Contingent Benefit Upon Lapse and	I agree to all of the above.
